

# The Center

for Integrative Counseling  
and Psychology

## **Licensed Psychotherapist**

The Center is seeking an experienced, full-time **Licensed Therapist (LCSW, LPC, RPT)** to provide psychotherapy for adults and couples at its satellite locations across the **DFW Metroplex** and at our Main office on MacArthur Ave in **Dallas, Texas**. The candidate will see preschoolers, children, and teens as a part of their practice.

## **Responsibilities**

Our clinicians will be required to:

Offer sessions on 2 evenings with last appointment at 7 pm and/or on Saturdays  
Attend weekly Friday morning staff meetings, CEU's and group case consultations  
Demonstrate teamwork and commitment to the work and mission of the Center  
Honor the role of faith and spirituality in the lives of clients

## **Experience and Education Requirements**

Ability to build rapport and relationships, empathic and supportive active listening skills  
Willingness to work with clients of diverse ethnic and economic backgrounds  
Knowledge of MSOffice and Therapy Notes practice management system  
Master's degree required from an accredited university and active license to practice therapy in Texas  
Minimum 5 years' experience

## **Our Mission**

The mission of The Center for Integrative Counseling and Psychology (The Center) is to provide accessible, high quality counseling, training, psychological evaluations, and educational testing that equip people to grow through life's changes and challenges. We help people of all ages across communities be self-aware, mindful, and resilient to reach the potential of who they were created to be. For the first 50 years of our organization's service to North Texas, we were known as the Pastoral Counseling Center. We were founded in 1968 in connection to a movement of ministers and counselors who recognized the influences of both spirituality and psychology on the lives of those they served. Our new name reflects the expanded breadth of our work while we still follow by the same mission. We strive to provide counseling where people *live, work, play and pray*.

The Center offers an employer sponsored Medical plan, with a Health Savings Plan option and a voluntary Vision, Dental and 401(k) Retirement plan with employer matching. Additionally, a business infrastructure including practice liability and worker's compensation insurance, payroll taxes paid, and marketing and communications support are provided to all its staff clinicians.
